

## We are celebrating our '30<sup>th</sup>' Birthday

We are proud to announce that on 4<sup>th</sup> February 2010 we are 30 years old, that is the company is and not us - for at least one of us, 30 is a distant memory.

Lyndsay Abbott sat at her hired golf ball typewriter (and if you remember those you must be nearly as old as she is) with an MFI desk in her bedroom and on 4<sup>th</sup> February wrote to many local companies and other organisations to tell them of the arrival of a new letting agency offering a personal and professional service. In 1980 there were very few letting agencies in the area and the industry was very simple and straight forward.

Legislation and regulation of the industry has changed all that beyond recognition but Abbott Property Management have grown with the changes, survived the pressures and remain an independent company. We now occupy premises in a prominent position in the town centre of Letchworth Garden City, comply with all the legislation and utilise 21<sup>st</sup> century technology but still give priority to maintaining a personal and professional service where people matter.

We started with one person and now we are five - Lyndsay and daughters (Sally Hendry and Clair Foster), Debbie Rhodes (our lettings manager) and Dawn Garratt (our lettings assistant) - and together we have over 60 years' experience.

Please call in and join us for a celebratory drink on Thursday, 4<sup>th</sup> February to mark this occasion - we owe so much to our loyal customers, contractors and support team and would like to say just a little thank you to you all. If you can't make it during the working day - we appreciate we may not be top of your 'to do' list - then drop in after work when we will be here until 7.30 or so. You can be assured of a warm welcome.

We look forward to seeing you - without you there would be no birthday to celebrate.
